

## Alaska, by Cunard

From the rainforests of Icy Strait Point to the compact charms of Skagway, a voyage through Alaska is an experience that will stay with you always.

Enjoy a blend of on shore exploration, coupled with scenic cruising through some of Alaska's largest tidewater icefields – the sheer scale of which will amaze you.

Explore frontier-style towns, sprung from the Klondike gold rush, and glacier-studded fjords, such as Endicott Arm and Glacier Bay National Park.

2024 Alaska voyages sail from Vancouver, whilst those departing in 2025 sail from Seattle. Whichever embarkation point you choose, you'll find a range of signature experiences to elevate your voyage.

Naturalists narrating the scenery. Cultural Heritage Guides revealing insights about Alaska's history. Performers providing native entertainment. It's all part of the Cunard in Alaska experience.

An Ice White Ball on Gala Evenings offers yet another highlight. So too does our chef's Alaska inspired take on Afternoon Tea – the perfect treat after a day exploring. Or perhaps you'll choose to dine at Frontier, our speciality Alaska restaurant, where ingredients of local provenance take centre stage.

Port calls offer a chance to further immerse yourself in this otherworldly land, with Juneau presenting expeditions to see orcas, and Ketchikan harbouring the world's largest collection of totem poles. Then there's Icy Strait Point, nestled at the base of White Alice Mountain, delivering you just a stone's throw from Alaska's largest Tlingit village, Hoonah.

Hubbard Glacier, Alaska
